

INTERESTED IN WORKING IN THE CREATIVE INDUSTRY?

Hear from Rachel Bell, founder of secret stage school

1. How did you get into this creative career?

I studied from age 12-19 to become a professional performer at the prestigious Elmhurst Ballet School when it was in Camberley and furthered my education at Richmond Drama School.

3. What advice would you give to somebody looking to get into this career?

Do it!

5. How did you know this is what you wanted to do?

A career in the arts is all I have ever wanted... it is my vocation.

2. What are the steps a young person should take to go into this career?

Initially they must be driven, committed and hardworking - then ensure they are studying drama/dance at school, college and after school clubs. Seek to further their education at professional colleges/universities... but above all, never stop believing!

4. What is your favourite thing about the industry you have chosen to work in?

That is doesn't feel like work when you are pursuing your dreams.
